WHAT HAPPENED AT NRN?

Charity run for Ukraine

The department PE and the students of the NRN wanted to support the Ukrainian people during war. The students were looking for sponsors that donated a certain amount of money for every five minutes of running. We collected unbelievable 16.000 €.

Visit of Marianne Schieder

As a part of the Europe Day in our school Marianne Schieder (member of the German Bundestag) visited our 10th classes and talked about important topics with the students like regional politics but also about difficult European issues. We say THANKS!

MAXEL

Our school had the pleasure to plan the MAXEL award ceremony. Students from our whole area were honored for showing special achievements in „MINT“ subjects, sports or social commitment.

Dress-up week

In the week before the holidays our 10th graders thought of a funny topic for every day and came dressed up to school. Even some teachers joined them!

Polite school

This time we learned how to act right in a bus at our lesson „polite school“. A nice variety to the normal school days.

Project week everyday skills

Every day in that week students of our 7th grades had a different „trip“ that dealt with health or sustainability. One day they went to the „Monte Kaolino“, another day they were at a farm and walked back to school from there. They had one day with presentations about ecology and ate a healthy meal but also visited an open-air-pool. They also went on a short pilgrimage with different fun activities to honor the nature.

ENJOY SUMMER!
